

# DIRECTIONS FROM LORETO AIRPORT TO SCORPION BAY HOTEL

You've booked your ticket, rented a car, and you're ready to drive to the Scorpion Bay Hotel!

Please follow our directions as the **Google Maps version is wrong** and will take you on a dangerous road north. **DO NOT** go north, go south as you can see in the map.

**STEP 1:** Do NOT go North. The road is dangerous and not passable. Leave the Loreto Airport. Turn left at the 1st cross street onto Carr. Transpeninsular/Cd Constitución-Loreto/Loreto-Ciudad Constitución/México 1.

**STEP 2:** Continue on Highway 1. When you reach a town called Ciudad Insurgentes, go **RIGHT** at the fork here. Follow the signs towards La Purísima to the north, approximately 85km or approximately 1 hour to Las Barrancas. *Beware of potholes on this road.*

**STEP 3: THIS IS IMPORTANT.** After 85km, there is a bend in the road, a water tower off to your left and a sign on your right that reads San Isidro, La Purísima and San Juanico (see photo). Make a **LEFT** turn. Unfortunately this sign is covered in stickers and can be hard to read! If you have hit a **DIRT ROAD**, you are on the wrong road. Turn around.

**STEP 4:** After approximately 10km you will make the first right at the sign that reads San Juanico. The drive from Las Barrancas to San Juanico is approximately 35km and approximately 40 minutes.

**STEP 5:** Once you reach San Juanico, veer left at the fork to be on the main road Dionisia Villarino. Follow the road nine blocks until you reach La Joya and turn right. Our Hotel is on that block on the right side.
